

Even In This [Lyrics, 83 bpm, 4/4]

[Default Arrangement] by Avery Atkinson | Faith Simmons | Samantha Mow | Daniel Mow

Verse 1

More faithful than the sunrise
More constant than the day and night
Are your goodness and mercy
They follow me every day of my life

Verse 2

No weapon formed against me
No trial from the enemy
Can stand against your faithfulness
You work it all for my good

Chorus

Even in this, I will see your goodness

Verse 3

Though I walk through the valley
Your presence it surrounds me
You paved a way for me to stay
Within the palm of your hand

Verse 4

Now what can separate me
From your love that's never ending
No doubt or fear can interfere
You're always closer than I know

Bridge 1 (2x)

The impossible has never scared you
My disappointment gives you space, it's making
room
For you to come and do what only you can do
You're moving now, turning things around

Bridge 2 (2x)

The impossible has never scared you
As I stand here I am living, breathing proof
You're the God who takes what's dead &
makes it new
I'm living proof, I believe in you
